Front-End developer with foundational skills in HTML, CSS, JavaScript, and hands-on experience with React from recent projects. Committed to creating responsive and engaging web applications. Eager to further develop my skills and contribute to innovative solutions in a collaborative team environment.

PROJECT

HQ T-Shirt Selling Web Application

Front-End (React)

- **Designed** a clean and intuitive user interface with React, ensuring easy navigation and accessibility for all users.
- **Implemented** a shopping cart feature using Local Storage, allowing users to save their selections even after closing the browser.
- **Developed** a responsive design that adapts smoothly to different screen sizes, ensuring a great user experience on desktops, tablets, and mobile devices.

Doflix Movie Web Application

Front-End (React)

- **Designed** an engaging and visually appealing user interface with React, highlighting the diverse range of content.
- **Implemented** a movie sorting feature that categorizes and displays films by genre, enhancing user experience.
- **Developed** a responsive design that adapts smoothly to different screen sizes, ensuring a great user experience on desktops, tablets, and mobile devices.
